

## Get beached by the city

### Useful Tips:

- For a local uncrowded beach visit and easy going dip, choose Stockton Beach or Horseshoe Beach to the south.
- To find small waves close to the city, or to avoid a southerly wind, visit Nobbys Beach. Nobbys has a spectacular headland and lighthouse, and is where the famous grounding of the Pasha Bulker freight ship happened in 2007.
- To find our biggest waves, visit Newcastle Beach, or travel further south to Susan Gilmore Beach, Bar Beach, Dixon Park Beach or Merewether Beach.
- Blend the best of city and beach life with a shopping trip through Newcastle Mall, a dip at Newcastle Beach and coffee at a beach side café.
