

Tunnel into 200 years of history

Useful Tips:

- Take a full tour of the site and the tunnels. While there are interpretive signs above ground, the passion and knowledge of the volunteer guides is compelling. A tour is the only way to see the intricate tunnels below. Last tour is 2.30pm
- Take a coffee or lunch break afterwards at the Fort Scratchley café.
- Afterwards, reward your patient children at the playground at the entrance.
